- Learning is tough when there is a lack of feedback.
- There's no way to measure progression, consistency, or technique.
- There's no existing visual feedback or tracking mechanism for boxing.

The Problem

....Until Now!

The **Impactful SmartGlove** is the interactive boxing training tool of the future!

Turn any boxing kit into a smartglove!

- Immediate motivational visual feedback for Speed, Strength & Accuracy
- Long-term tracking capabilities for hits-per-minute, as well as strength & speed consistency

The Solution

Because learning to fight properly can be tough...

but teaching people is just as difficult!

- Boxing Beginners
- Martial Arts / Boxing Trainers
- Intermediate Boxers with improvement goals
